Dining | Written By: Life On The Island | August 3rd, 2017

One defines an enjoyable trip by combining good food with excellent views. Now, picture yourself relaxing on white silky soft sands, the light breeze fluttering through the nearby palm trees while sipping on an exotic fruity cocktail. Sounds like a perfect time on the beach, doesn't it? Well, this is indeed a perfect month to your toes in the sand and feel the breeze of tropical air. As you do so, you need a place to chill-out with the right vibe and light snacks. We highlight some of the island's best beachfront venues worth checking out.

Finn's Beach Club

Located at the famous surf beach of Berawa, Finn's Beach Club invites everyone to laze the whole afternoon away under the sun. Comfort yourself on a white sand beach or swim in a 30-meter infinity-edge pool with classy cocktails on hand from the swim up pool bar.

Built from sustainable bamboo materials, the bamboo structure is designed to allow visitors to have a guaranteed ocean view. If you want to get the best angles to snap shots of surfers in action, the second level provides bars and sunset lounge with a cinemascope ocean view. For surfers, night surfing is recommended at Berawa Beach as the club's designed lights allow surfers to continue carving up the waves. Due its popularity, you may want to make a reservation before arrival.

Beach Bar & Grill

Spend your day by the beach while witnessing the sunset on the Indian Ocean from the eastern coastline. A perfect spot with the best leisurely vibe of Nusa Dua Beach, The Sofitel's Beach Bar & Grill offers live barbecue snacks and light a la carte options for everyone.

With a strategic location on the prettiest of calm beaches, you can choose to spend time by sitting on the outdoor chaise lounges or poolside chairs. Either to bask on the hot sunlight or hide under a shaded spot with views of the resort's beachfront coconut grove, you will appreciate every little moment, which will reaffirm your love for the island. At the end of the day, you will only wish if the day could last longer.

Rock Bar

Highlighting the dazzling 'aquatic fireworks' from waves crashing off a coral reef at high tide, Rock Bar is widely respected as one of the world's most popular entertainment venues. Located on natural rocks 46 feet above the Indian Ocean at the foot of Ayana's towering cliffs, the innovative open-top bar is the island's most glamorous sunset.

On either side of the rock, two timber platforms feature comfortable sofas and provide additional viewing points. One is accessed via a natural cave, a unique entrance that leads to a secret garden over the beach. Be prepared for the hypnotic beats while enjoying yourself on comfortable lounge-style seating. A delectable selection of tapas and mouth-watering Mediterranean cuisine are perfect combinations with dramatic rock formations and rolling wave views.

SEASALT

Opened in June, Seasalt marked the start of a tantalizing new seascape dining experience, with a dash of Japanese infusion, exciting palates with an enticing taste of the sea in their fresh seafood selection. Inspired by its spectacular oceanfront setting and the locally harvested sea salt, the beachfront restaurant has established itself as a must-go seafood destination whilst strolling around the Seminyak area.

Besides enjoying a taste of the sea, diners at Seasalt will find themselves immersed in the sensation of sailing on the ocean, thanks to its inspired design. Stepping into Seasalt will take you into what resembles a stylish seaside residence dominated by ocean hues and cozy décor. The vibrancy of the open kitchen, the changing patterns of light and shadow on the outdoor decks throughout the day, and the feel of the ocean breeze also serves to create a remarkable sense of openness and connection to the ocean for a relaxed coastal dining experience.

THE SHORE

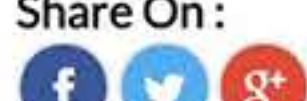

Offering a rare, semi fine dining set up inside Hilton Bali Resort, The Shore promises a cool spot to lounge with friends and family along a secluded beachfront. Choose your seat at the Aqua Mezzanine in the second level to get a more formal dining experience, on the Marina Deck at the front row seating to experience the island's tropical lifestyle, sit casually on the beach to feel the gentle touch of the sea breeze, or have a refreshing cocktail with a bird's eye view of the Indian Ocean on the rooftop.

The Shore has always focused on healthy offerings, from their tasty 'micro greens' smoothies by day, huge array of salads and fresh starters, right the way through to their imported meats and fish.
