

# SEASALT: COASTAL DINING WITH A FRESH BUZZ

Dining | Written By, Life On The Island | June 8th, 2017

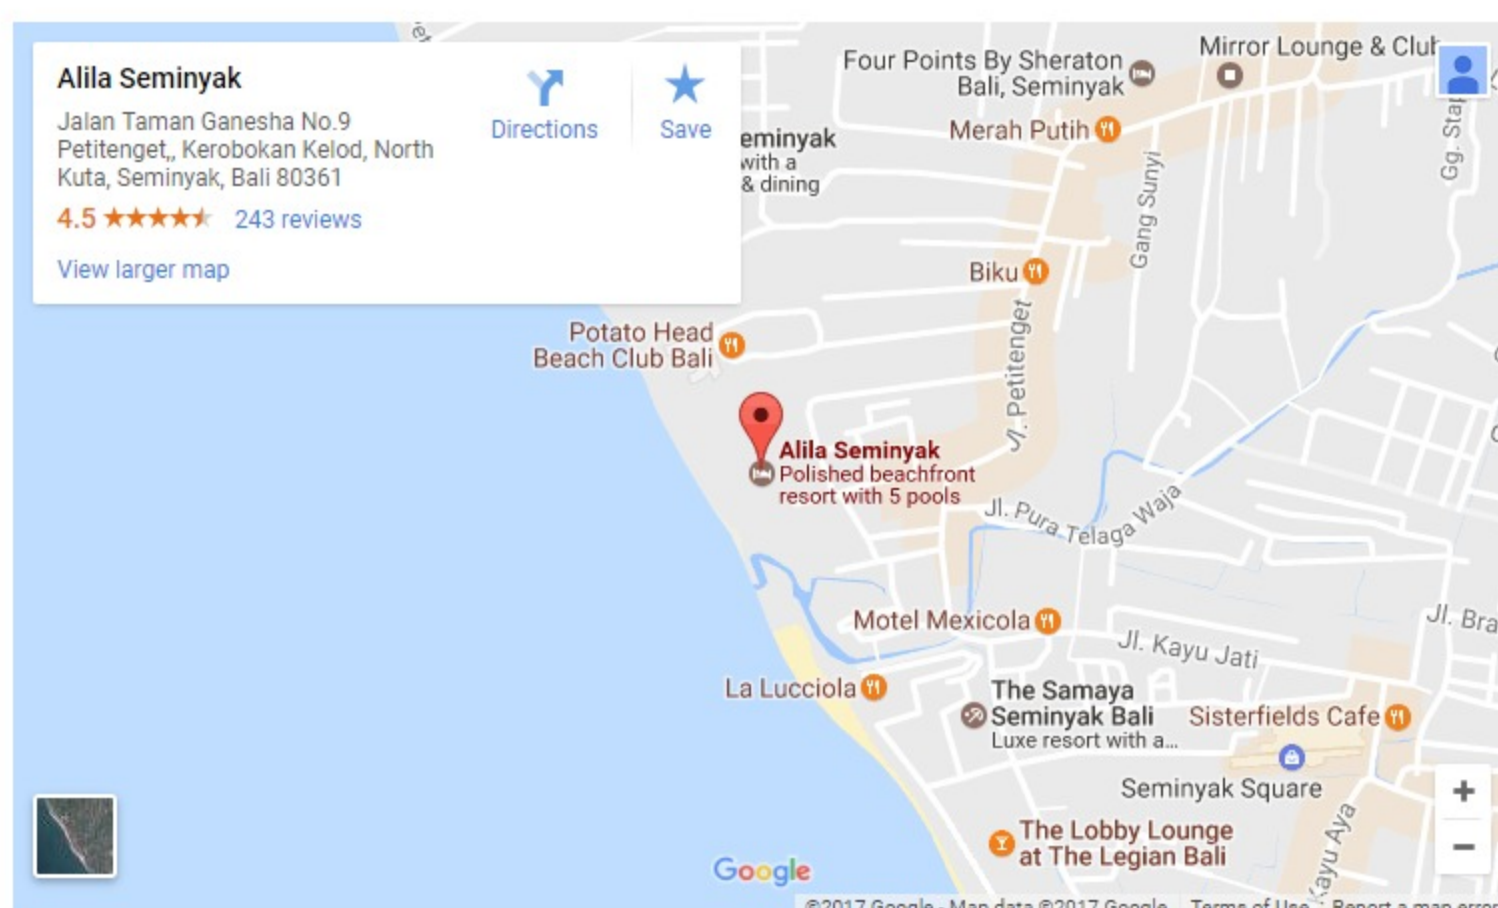

A new hotspot for stylish seafood dining, Seasalt marks the start of a tantalizing new seascape dining experience, with a dash of Japanese infusion, exciting palates with an enticing taste of the sea in their fresh seafood selection. Some creations to drool over include White Snapper, Seasalt's signature sea salt baked fish; Niçoise, the famous fresh French salad that comes with Katsubushi and two-year-old black miso; and the beautiful Blue Swimmer Crab, where crab mayonnaise meets chawanmushi. To accompany such delicious ocean cuisine, an artisanal centrepiece made of sea salt is showcased at dinner times.

Besides enjoying a taste of the sea, diners at Seasalt will find themselves immersed in the sensation of sailing on the ocean, thanks to its inspired design. Stepping into Seasalt will take you into what resembles a stylish seaside residence dominated by ocean hues and cozy décor. The vibrancy of the open kitchen, the changing patterns of light and shadow on the outdoor decks throughout the day, and the feel of the ocean breeze also serves to create a remarkable sense of openness and connection to the ocean for a relaxed coastal dining experience.
