"Preeminent coastal Japanese inspired dining"

Inspired by its spectacular oceanfront setting and the creative use of locally harvested sea salt, complemented by fresh, clean Japanese culinary influences, Seasalt serves exceptional cuisine. Located beachfront at Alila Seminyak, the design is reminiscent of a stylish seaside residence, dominated by ocean hues and warm woods. Backed by an impressive drink menu, guests are invited to indulge in beautifully presented delicacies, like the signature sea salt-baked white snapper, or the beautiful Blue Swimmer Crab. Sundays are for the restaurant's famed Seafood Brunch, with an extravagant selection of bountiful offerings featuring a variety of creative dishes, along with live music.

Terinspirasi oleh suasana tepi pantai dengan pemandangan spektakuler, Seasalt menyajikan masakan luar biasa menggunakan garam laut produksi lokal yang kreatif, serta pengaruh kuliner Jepang yang segar. Letaknya tepat di tepi pantai di Alila Seminyak, desainnya mengingatkan Anda dari tempat tinggal tepi pantai yang penuh gaya. Interior yang didominasi warna laut dan hutan terasa begitu hangat meneman Anda menikmati berbagai hidangan dan minuman yang disajikan dengan indah, seperti ikan kakap putih panggang dengan garam laut yang unik, atau Blue Swimmer Crab yang cantik. Hari Minggu adalah hari untuk Seafood Brunch yang terkenal di restoran, dengan pilihan sajian berlimpah yang menampilkan berbagai hidangan kreatif bersama dengan *live music*.
