Top Things To Do In Bali This Summer The Hit List For Families 2017!

Jun 08, 2017

Bali is full of things to see and do, places to eat and drink, and many adventures to be had with the kids this summer. Do it all or relax, it's up to you. For those looking for a little more fun in the sun, check out our guide on where to eat, play and shop in Bali this summer. We have included new finds and all time favorite haunts for families here. Have fun!

RESTAURANTS: Breakfast

Dusk Blue is a vegan resto we just love. It's kiddo friendly - they have high chairs - and they make delicious juices too. If you're craving an American breakfast, this authentic Cosmic Diner doesn't disappoint. Order pancakes, waffles and a milkshake to start the day off the right way. Grocer and Grind serves up Western comfort food, and has one of the best cups of coffee in town, with an indoor/outdoor chill spot with WiFi. Sea Circus covers all of the essentials. They have the best brunch that will set you up for the day. The staff is happy to make yummy meals for the kids too so this is great for fussy eaters. If you're on the cold-brew bandwagon, then you need to hit up Bootstrap Beverages. Try this if you want coffee with less acid. Titik Temu is an old school coffee shop in a modern setting. Perfect for your morning cup of Joe and a light snack, head here before starting your day. If you need a sugar boost in the morning go to Dough Darlings. They have a wide selection of doughnuts to choose from including; strawberry mojito and salted caramel almond, yum!

RESTAURANTS: Lunch

Grain Espresso offers coffee and food in downtown Seminyak, featuring their own original coffee blend and an all-day breakfast and lunch menu created by an Australian chef. Sisterfields represents the iconic cafe culture of Australia, bringing a love of good food and great coffee to the heart of Seminyak. Showcasing fresh pastries, salads and sandwiches alongside an extensive all-day breakfast, brunch and lunch menu, Sisterfields is one of the coolest

boutique cafes on the island. The unique rooftop bar at Ayana has a great view of the bay below. Come for lunch and stay the afternoon as they have a lovely pool for the kids. Grab a cocktail for sundowners before heading home.

RESTAURANTS: DINNER

There are lots of family friendly restos, we have a guide just for you. Some of our other favorites includes Big Garden Corner offering colorful umbrellas which brighten up this otherwise plain garden. For specialty cocktails, head to Akedemi. For Spanish tapas, visit the International fave MoVida. They have Spanish tapas dishes using the best local and international ingredients. There's a kids menu too! Cocoon offers fine dining, poolside lounging, and a relaxed ambiance. The restaurant is located right next to a pool with an entertainment area where your kid can make fun crafts and swim, while you sit back and relax! If you want seafood with a Japanese twist head to Seasalt. Enjoy views of the sea with the kids in tow. For western and local delights head to Spice. They have a kids menu too including breaded fish and chicken nuggets.

COCKTAILS

Zanzibar is located near the beach, for cheap beers and cocktails this is a must do. They have juices for the kids too. Sandbar is cheap! Drinks from US\$1 - what's not to love about that. The Boardwalk at Bali Garden is a quaint place to stop for a drink. Grab a cold beer, stretch your feet into the sand, and watch the kids play on the beach. La Plancha is perfect for colorful beach cocktails. Grab something with an umbrella and watch the world go by. If you need to work while you're away but need a 5pm pick up, then the co-working space at Rumah is perfect for you. Chill out with a cold beer in their uber cool beer garden. Soak up the sunset with the fam at Above Eleven. This Peruvian-Japanese sky bar is the perfect place for a cocktail.

ADVENTURE

Try Waterbom and Splash, both are so much fun for kids big and small. Dream Island is fun for little kids. There's a huge swing for them to play on which if the tide is right, will splash their salty toes. Peek-a-boo kids play cafe is perfect for little ones who need some time out of the sun. There's a cafe for mom and dad to relax in, as the kids let off some steam. Seawalker is a great way to see the fish without getting your hair wet. Put on one of their helmets which let you go to the bottom of the ocean and feed the fish. Bali Stand Up Paddle School lets you explore the waters, hopefully without getting wet. Go Hawaii style and find the big waves that will make you go faster. Release turtles into the ocean with the kids and watch them find their way into the big blue sea! This is a beautiful activity for kids to do.

If you're looking for a boutique hotel then this is a must visit. Art lovers will love the art that adorns the walls. Some of the most prevalent, contemporary, up and coming artists adorn the hotel. There is a beautiful pool for the kids, bikes to hire to take you to the beach. Dining options are plentiful, so indulge in local dishes. Rooms are spacious enough for a family to relax in. What are you waiting for, book now!
